Résumé ou extrait : Extrait de la p. I : "This book traces the evolution of the EU' s fight against terrorism from the late 1970s until the end of the first decade after 9/11. This historical analysis covers both EU-internal and international counterterrorism policies and features an in-depth account of the EU' s reaction to the terrorist incidents in New York, Madrid and London. In the first few weeks after these incidents, the EU mobilised a complex but also incoherent set of policy measures, which significantly influenced the course of European security over the years."
