Note sur le contenu : Chapter 1: The Promise of aligning with the hegemon Chapter 2: Special but non-aligned: US-Baltic relations in the shadow of the Soviet collapse Chapter 3: Foreign troops vanish: The Russian army's removal from the Baltics Chapter 4: Alliance formation: The Baltics unlock NATO's door Chapter 5: The blood price: Small states in US-led coalitions of the willing Chapter 6: The Baltic contingency: NATO's evolving force posture in the region Chapter 7: Drawdown, exit, or enduring alliance ?

Résumé ou extrait : "This open access book reckons with the US-Baltic security alliance. It traces the uncertain beginnings of this partnership, illuminating how the United States, rather than Europe, became the key underwriter of Baltic security. The manuscript captures the many contradictions, setbacks and disappointments that had to be overcome on both sides of the Atlantic for these ties to mature into a formal treaty alliance. Drawing upon sizable archival material and interviews with key participants, the books chapters illuminate Americas stance and role on the questions of Baltic independence, Russian troop removal in the early 1990s, and the Baltic road to NATO. Turning to current affairs, the material scrutinizes the United States force posture on NATOs eastern flank alongside the enduring question of alliance abandonment." (4e de couverture)
