ISBN : 978-1-912440-56-6

EAN : 9781912440566 rel.

Classification décimale Dewey : 355.020 904
355.009 04

Note sur les bibliographies et les index : Notes bibliogr. Index

Résumé ou extrait : What can we learn from war, and warfare, in the twentieth century ? What observations and deductions can we make, and what lessons can we draw ? 'War and Warfare in the Twentieth Century' examines both a clearly delineated period in the past, and the century which offers us the most (and the most relevant) material to examine. Deliberately looking through the prism of strategy, operations and tactics, this book offers a surprisingly novel perspective on some apparently familiar ground. Jim Storr will make you think long and hard about what you thought you knew about war and warfare.

Sujet - Nom commun : Guerre -- 20e siècle
Histoire militaire -- 20e siècle
