Résumé ou extrait : Brahmand World Defence Update 2023 provides a comprehensive assessment of the present day global military order with a focus on each nation's military capabilities, new arms acquisitions and defence spending. The 11th edition of the yearbook features a new chapter with focus "Counter-Terrorism & National Security" efforts of Germany, India, Israel, Russia, UK and USA. It has highlighted how terrorism across several parts of the world has posed a serious threat to national security and how each of the above-mentioned nation is dealing with this ever-growing menace. The yearbook also contains up-to-date information on defence capabilities of 113 countries, including 33 strategically-important countries, highlighting their geopolitical importance, internal and external conflict areas, threat perspectives, strategic relations, multilateral alliances, and over strength and latest procurement deals among others.
