[and three others] Altruism born of suffering: How empathy, compassion, and self-compassion promote coping with violence / Patricia Cernadas Curotto Beyond Vulnerability: Collective Victimization Beliefs that are Linked to Collective Resilience / Hu Young Jeong, Michelle S. Twali, & Johanna Ray Vollhardt Remembering, resilience, and intergroup relations / Sandra Obradovi? The power and limits of collective resilience: conceptualising collective resilience that recognizes the impact of political violence and repression on groups and societies / Blerina Këllezi, Yasemin Gülsüm Acar, & Sandra Peni?

Résumé ou extrait : "This book outlines the importance of collective resilience for groups who have faced challenging or threatening circumstances, such as war and political violence. Drawing on novel research from a range of diverse contexts, the book explores a nuanced picture of how political violence can lead to increased social cooperation and action within communities, as well as the well documented negative dynamics. It brings together researchers studying the collective resilience of civilians in the context of political violence and repression in three fields: psychological well-being, resistance and collective action, and reconciliation and peacebuilding. Chapters describe the underlying social-psychological processes behind collective resilience and discuss the limits and boundary conditions in the emergence of resilience. The book critiques and extends our psychological understanding of resilience in conflict settings, using multiple methodological and epistemological approaches as well as interdisciplinary perspectives to understand conditions, underlying processes, and consequences of collective resilience. The Power of Collective Resilience Against Political Violence and Repression will be highly relevant reading for postgraduate students and academics in the fields of social and political psychology, and those researching intergroup relations, social change, peace and conflict. It will also be of interest to activists interested in collective action and resilience." (éditeur)
