Résumé ou extrait : Extrait de la jaquette : "How does the Taliban wage war ? How has its war changed over time? Firstly, the movement's extraordinary military operation relies on financial backing. This volume analyses such funding. The Taliban's external sources of support include foreign governments and non-state groups, both of which have affected the Taliban's military campaigns and internal politics. Secondly, this is the first full-length study of the Taliban to acknowledge and discuss in detail the movement's polycentric character. Here not only the Quetta Shura, but also the Haqqani Network and the Taliban's other centers of power, are afforded the attention they deserve."
