Résumé ou extrait : This stimulating book examines the key issues - including border management, water cooperation, and connectivity - challenges and possibilities in Bangladesh-India relations in the last fifty years. The book also investigates the role of the 'China factor', the role of civil society in Bangladesh-India relations and maps out the future course of actions in Bangladesh-India partnership in the post-pandemic world. The book contributes to both from theoretical and policy perspective and therefore will be immensely useful to the students of International Relations, Political Science, to academics, researchers, and policymakers with interest on Bangladesh-India relations, Bangladesh foreign policy, India's foreign policy in particular, and South Asia in general.
