Appartient à la collection : Problems of international politics editors Keith Darden,... Ian Shapiro,... Cambridge Cambridge university press 200X

Classification décimale Dewey : 355.024

Note sur les bibliographies et les index : Bibliographie p. 199-219. Index

Note sur le contenu : War-making, mobilization, and democratization Rebel governance: how rebels interact with ordinary people during conflict Testing the effects of rebel governance on postwar democratization Tracing the steps from war time to peace time: case studies overview War and change in Nepal War and postwar regime formation in Uganda, Tajikistan, and Mozambique

Résumé ou extrait : La p. [I] indique : "Why do some countries emerge from civil war more democratic than when they entered into it, while others remain staunchly autocratic? Observers widely depict internal conflict as a pathway to autocracy or state failure, but in fact there is variation in post-civil war regimes. Conventional accounts focus on war outcomes and international peacebuilding, but Huang suggests that postwar regimes have wartime origins, notably in how rebel groups interact with ordinary people as part

of war-making. War can have mobilizing effects when rebels engage extensively with civilian populations, catalyzing a bottom-up force for change toward greater political rights. Politics after civil war does not emerge from a blank slate, but reflects the war's institutional and social legacies. The *Wartime Origins of Democratization* explores these ideas through an original dataset of rebel governance and rigorous comparative case analysis. The findings have far-reaching implications for understanding wartime political orders, statebuilding, and international peacebuilding."
