Description matérielle: 60 p. : couleur

ISBN: 0000000000000

Résumé ou extrait: In his book “The Perfect Line”, artist-photographer Axel Ruhomaully uses a bare and unconventional approach to shed light on the remarkable saga of Dassault aircraft. In his book “The Perfect Line”, artist-photographer Axel Ruhomaully uses a bare and unconventional approach to shed light on the remarkable saga of Dassault aircraft. He is convinced that if mathematical formulas were a literary genre, they would be poetry. Ruhomaully pays tribute to the poetically talented engineers at Dassault Aviation’s design office in Saint-Cloud.
