Note sur le contenu : Historical review of airland combat organizations Airland doctrine Organization for airland combat Summary

Résumé ou extrait : Extrait de la préface : "This book addresses one important aspect of our joint doctrine for unified operations within a theater-- joint warfare for airland combat. Without clearly defined and well-practiced joint tactics, techniques, procedures, and an organization for airland combat, the effective employment of all arms toward a single objective is made difficult, even wasteful and dangerous ... [The author] has traced for us the development of airland combat strategy since World War I, outlined current thinking on the subject, and offered prescriptions for strengthening our capabilities for joint operations."
