Résumé ou extrait : Présentation de l'éditeur : "The responsibilities of school leaders are increasingly complex. In this book, you will find a problem-solving model to help you think through morally complex situations. These steps will enable you to arrive at innovative solutions that are ethical, logical, culturally sensitive, and in the best interests of students. Packed with real-life vignettes, mental exercises, reflections, checklists, and other templates, these strategies will help you: Understand how ethical standards and core values drive your leadership choices -- Approach problems through a lens of equity and care for the students entrusted to you -- Recognize when urgent action is called for and when it's better to slow down in order to thoroughly consider your actions and the potential consequences of those actions. As a leader, you face difficult challenges every day. This book will help ensure that the decisions you make are right for your students—and for the whole community."
