Résumé ou extrait : This book examines Indonesia's strategies and policies to influence regional cooperation in the Indo-Pacific, focusing especially on Indonesia's efforts to be the maritime fulcrum in the Indo-Pacific during President Joko Widodo's (Jokowi) administration from 2014 until the present. Highlighting the importance of Indonesia as the largest country in Southeast Asia and as a founder member of ASEAN, the book, based on extensive original research, provides key insights into Indonesia's maritime policy decision-making since 2014. It discusses the domestic political context in which foreign policy decisions are made, provides an explanation for Indonesia's efforts to project its vision of Indo-Pacific cooperation at the ASEAN level and beyond, and demonstrates how Indonesia strives to maintain a delicate balance in its interactions with major powers in the region, including the United States, China, and Japan
