

Cyber situational awareness

Type de contenu : Texte

Type de médiation : sans médiation

Titre(s) : Cyber situational awareness : issues and research / Sushil Jajodia, Peng Liu, Vipin Swarup... [et al.], editors

Autre(s) responsabilité(s) : Jajodia, Sushil (1947-....) (Éditeur scientifique)
Liu, Peng (Éditeur scientifique)
Swarup, Vipin (Éditeur scientifique)

Editeur, producteur : New York : Dordrecht : Heidelberg [etc.] : Springer, cop. 2010

Description matérielle : 1 vol. (XII-249 p.) : ill. ; 24 cm

Collection : Advances in information security 1568-2633 46

ISBN : 9781441901392
1441901396

EAN : 9781441901392

Appartient à la collection : Advances in information security 1568-2633 46

Classification décimale Dewey : 005.8 22

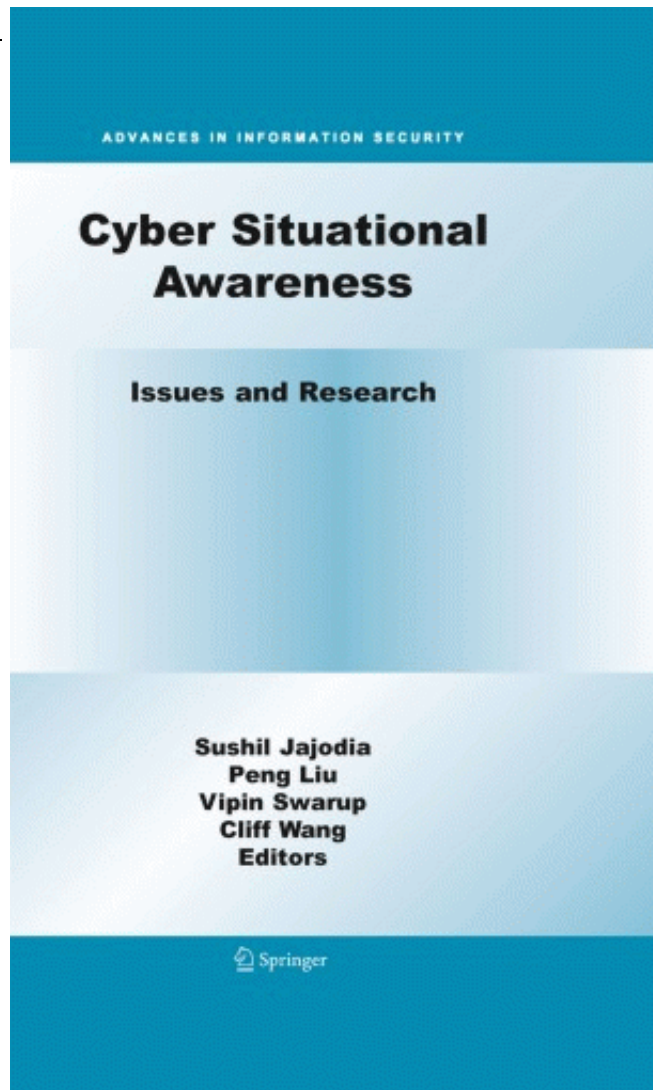

Note sur les bibliographies et les index : Bibliogr. en fin de chap. Index

Résumé ou extrait : "Cyber Situational Awareness: Issues and Research is an edited volume contributed by worldwide cyber security experts. This book seeks to establish state of the art in cyber situational awareness and to set course for future research as a multidisciplinary group of leading researchers from cyber security, cognitive system, and decision science areas elaborate on the fundamental challenges facing the research community and identify promising solutions. Case studies based on real world examples are provided throughout this book, as well." "Cyber Situational Awareness: Issues and Research is designed for a professional audience composed of government workers and practitioners working in the field of cyber security. Advanced-level students and researchers studying computer science will also find this book useful as a secondary text or a reference book."--BOOK JACKET
