Classification décimale Dewey : 330.952

Note sur les bibliographies et les index : Bibliogr. en fin de chapitres. Index

Résumé ou extrait : Japan in the Heisei Era (1989–2019) provides a retrospective and multidisciplinary account of a society in flux. Featuring analyses from leading scholars around the globe, this textbook examines the evolving contexts of Japan throughout the Heisei era and how longstanding verities and values have been called into question. Asking what this holds for Japan's future relations with the world and within its own communities, chapters delve beneath the layers of a complex and increasingly diverse society, exploring topics including simmering ethnonationalism, economic torpor, political stagnation, and cultural dynamics.
