Résumé ou extrait : "Is the Atlantic World in a state of crisis? At a time when many political observers perceive indeed a crisis in transatlantic relations, critical evaluation of past narratives and frameworks in Transatlantic Relations and Atlantic History alike become crucial. This volume provides an academic foundation to critically assess the Atlantic World and to rethink transatlantic relations in a transnational and global perspective. The TransAtlantic Reconsidered brings together leading experts such as Harvard historians Charles S. Maier and Bernard Bailyn and former ERC scientific board member Nicholas

Canny. All the scholars represented in this volume have helped to shape, re-shape, and challenge the narrative(s) of the Atlantic World and can thus (re-)evaluate its conceptual basis in view of historiographical developments and contemporary challenges"
