Résumé ou extrait : With the stock market tanking, Dr. Sara Fox is forced from her comfortable small town therapy practice and thrust into the violent world of military mental health and intimate partner violence, where officers are rarely guilty, victims are always blamed, and questioning the status quo can be a death sentence. While juggling a family at home and a new relationship, Sara tries to stay sane in the face of grizzly war stories both foreign and in the homes of service members. If that was not enough, Sara's violent offender's rehabilitation group comes under suspicion of stolen Iraqi payoff money, stolen valor and countless stolen lives. Will Sara be silenced by the military's iron will, or can she find her voice to save herself and the patients she dedicates her life to help ?
