Résumé ou extrait : This book argues that the World order is no more unipolar and the war in Ukraine proves this fact. It has been transformed into Multipolar World Order 2.0 stage. This title critically examines Chinese, US, Russian, EU, Indian and other powers cooperation and competition over security, diplomatic, economic and cyberspace issues. This volume will be of great interest to decision makers, diplomats, scholars and students of international relations, politics, global governance, Eurasian studies, Chinese studies, cybersecurity, economics, and for those studying human security, international organizations, and geopolitics.
