

Fifty years of progress in metallographic techniques

Type de contenu : Texte

Image fixe

Type de médiation : sans médiation

Type de support : Volume

Titre(s) : Fifty years of progress in metallographic techniques : a symposium presented at the sixty-ninth annual meeting, American Society for Testing and Materials

A pour autre édition sur un support différent : Symposium on Fifty Years of Progress in Metallographic Techniques (1966 : Atlantic City). Fifty years of progress in metallographic techniques. Philadelphia, American Society for Testing and Materials [1968]

Auteur(s) : Annual meeting American society for testint and materials 69 Atlantic city

Publication : Philadelphia : American Society for Testing and Materials, 1968

Description matérielle : 1 vol. (408 page) : illustrations ; 24 cm

Collection : ASTM special technical publication no. 430

Appartient à la collection : ASTM special technical publication 0066-0558 430

Classification décimale Dewey : 699.9/5
669.9/5

Note(s) : Held in commemoration of the 50th anniversary of the organization of Committee E-4 on Metallography which sponsored the symposium

Note sur les bibliographies et les index : Notes bibliographiques

Sujet - Nom commun : Métallographie
