Résumé ou extrait : "As the dust settled on the U.S. military's initial victory in Iraq, the Army found itself mired in a difficult campaign to defeat a growing insurgency and rebuild the war-torn country. Untrained for counterinsurgency and without enough troops to secure the population, the Army responded by creating several new brigades specifically to meet these requirements. It Was What It Was invites readers into the life of a freshly commissioned lieutenant in one of these units. Join him and his comrades as they stand up a new brigade of the 1st Infantry Division, train and equip it, and deploy together to the heart of Baghdad." (4e de couv.)

Sujet - Nom de personne : Pace, Daniel (19..-....)

Sujet - Collectivité : États-Unis Army. Infantry Division. 001.
