Note sur les bibliographies et les index : Notes. Bibliogr. Index

Résumé ou extrait : Military ethics : an introduction with case studies provides an accessible introduction to the ethical issues faced by today's junior and mid-ranking military personnel. Offering an exceptionally practical perspective, it includes more than fifty engaging case studies—personal, historical, and fictional accounts—that give students a birds-eye view of various real-world ethical dilemmas. Opening with an introduction to ethics and an overview of ethical theory, the book goes on to discuss ethical problems related to: the use and misuse of power and authority; discrimination and proportionality in traditional conflicts, irregular wars, and humanitarian military interventions; supreme emergency, terrorism, and responses to terrorism; and much more.
