Austin, Beatrix (Éditeur scientifique)
Seifert, Christine (Éditeur scientifique)

Publication : Cheltenham Northampton (Mass.) : Edward Elgar publishing

Date de copyright : C 2018

Description matérielle : 1 vol. (XX-367 pages) : tabl. ; 25 cm

ISBN : 978-1-78347-904-7
1-78347-904-3

EAN : 9781783479047 rel.

Classification décimale Dewey : 355.028

Note sur les bibliographies et les index : Bibliogr. en fin de chapitres. Index

Résumé ou extrait : "A better understanding of regime changes, and their drivers, is vital to understanding the root causes of conflict and instability. In doing so, national and international actors can develop appropriate strategies to address, curb and prevent escalations of violence when these transitions occur. This innovative book explores the motivations and impacts of regime change and political transition in the contemporary era. Systematically examining the drivers, formats and long term impacts of transitions, the contributors seek to identify patterns, commonalities, and disjunctures between them. Bringing together leading scholars and practitioners with longstanding relationships to the conflicts they have covered, this book provides systematic cross-case examinations of regime change. It examines the structural and immediate triggers of transitions both external and internal, as well as shedding light on the ways in which everyday life is changed by them - for better or worse. Providing a framework for typological and comparative analysis, this book provides ontological and epistemological perspectives on 14 case studies of regime change following civil wars, secessionist conflicts, popular revolutions, military rule and foreign intervention. This book is a vital tool for academics and students of political science,

development, history, regional, peace and conflict studies. Reflecting on regime change processes spanning different regions and types of transition, The Elgar Companion to Post Conflict Transition is an accessible way to cover key debates." (source : 4e de couv.)
