Waltz Political structures / Kenneth N. Waltz Anarchic orders and balances of power / Kenneth N. Waltz Continuity and transformation in the world polity / John Gerard Ruggie Theory of world politics / Robert O. Keohane Social forces, states, and world orders / Robert W. Cox The poverty of neorealism / Richard K. Ashley The richness of the tradition of political realism / Robert G. Gilpin Reflections on theory of international politics / Kenneth N. Waltz

Résumé ou extrait : "One of the liveliest debates in American international relations theory today concerns 'neorealism,' a revival of the tradition that emphasizes the role of inter-state power struggles in world affairs. The debate was sparked by the 1979 publication of Kenneth N. Waltz's Theory of International Relations, which systematized realism as a coherent, deductive theory. This volume provides a unique summary of current thinking on neorealism. Ideal for course use, it presents key portions of Waltz's book along with the most significant critical evaluations of the topic by other leading

scholars."
