Résumé ou extrait : This edited collection is a result of the multi-year research work of Ukrainian scientists and researchers in the field of interdisciplinarity, which provides a unique and in-depth view of the problems of modern society – ranging from political science and economics to culture and art. This study is focused on interdisciplinarity as a global trend in research and education. The book addresses specific problems using an interdisciplinary approach in the fields of international relations, international economic relations, international law, international business, and international communications, providing a better understanding of the issues arising in the field and showcasing the potential of the interdisciplinary approach in international relations.
