Note de thèses et écrits académiques : Texte remanié de Doctoral thesis Political science Faculty of political sciences, Belgrade 2019 Military neutrality-non-alignment as security strategies of small states : Serbia and Sweden case studies

Résumé ou extrait : La 4e de couv. indique : "This book explores the factors that account for military neutrality as a security strategy for small states. Through comparing the cases of Serbia and Sweden the book introduces a novel conceptual framework that is built against existing knowledge in the small states and military neutrality literature. Drawing on different theoretical frameworks, the model explains why

certain small states choose to stay outside of military alliances in the twenty-first century."
