Résumé ou extrait : "Japan 1945. In one of the defining moments of the 20th century, more than 100,000 people were killed instantly by two atomic bombs dropped on Hiroshima and Nagasaki by US Air Force B29s. Hundreds of thousands more succumbed to their horrific injuries, or slowly perished of radiation-related sickness. Hiroshima Nagasaki tells the story of the tragedy through the eyes of the survivors, from the twelve-year-olds forced to work in war factories to the wives and children who faced it alone. Through their harrowing personal testimonies." (éd.)
