Christine Fair New media in Naya Pakistan: technologies of transformation or control ? / Huma Yusuf Pakistan's self-inflicted economic crises / Feisal Khan America and Pakistan after 2014: toward strategic breathing space / Paul Staniland Partner or enemy ? The sources of attitudes toward the United States in Pakistan / Karl Kaltenthaler and William J. Miller Friends of last resort: Pakistan's relations with China and Saudi Arabia / Aparna Pande Violent nonstate actors in the Afghanistan-Pakistan relationship: historical context and future prospects / Daveed Gartenstein-Ross and Tara Vassefi

Résumé ou extrait : Extrait de la jaquette : "From the start of the U.S. war in Afghanistan in 2001 to the withdrawal of U.S. troops in 2014, Pakistan's military cooperation was critical to the United States. Yet Pakistani politics remain a source of anxiety for American policymakers. Despite some progress toward democratic consolidation over the last ten years, Pakistan's military still asserts power over the country's

elected government. Pakistan's western regions remain largely ungoverned and home to the last remnants of al-Qaeda's original leadership as well as multiple militant groups that have declared war on the Pakistani state. The country's economy is in shambles, and continuing tensions with India endanger efforts to bring a durable peace to a region haunted by the distant threat of nuclear war. 'Pakistan's enduring challenges' surveys the political and economic landscape of Pakistan in the wake of U.S. military withdrawal."
