Résumé ou extrait : "2020 marks 75 years since the end of World War II, yet even as the war slips from living memory, its legacies continue to influence current political and military thinking. This anthology will analyse these legacies for a number of countries and regions including China, Russia, the United States, the Near East, and Germany illustrating in detail how World War II is not merely a historical event, but a defining moment for current military and political thinking around the globe
