Résumé ou extrait : As a British infantry officer in the Royal Gurkha Rifles Emile Simpson completed three tours of Southern Afghanistan. Drawing on that experience, and on a range of revealing case studies ranging from Nepal to Borneo, War From The Ground Up offers a distinctive perspective on contemporary armed conflict: while most accounts of war look down at the battlefield from an academic perspective, or across it as a personal narrative, the author looks up from the battlefield to consider the concepts that put him there, and how they played out on the ground.
