

Incorporation of tritium from tritium gas into nucleosides in aqueous solutions

Titre(s): Incorporation of tritium from tritium gas into nucleosides in aqueous solutions / proceeding of the international conference on radiation effects and tritium technology for fusion reactors ; G. Stocklin and F. Cacace

Auteur(s): Proceeding of the international conference on radiation effects and tritium technology for fusion reactors Gallinburg, Tennessee, Etats-Unis 1975

Editeur, producteur: [S. l.] : [s. n.] [ca. 1975]

Description matérielle: Non pagine [17 p.] : ill. ; 30

Note sur les bibliographies et les index: Bibliogr. p. 13-14

Sujet - Nom commun: Radiation effects
Tritium
