Résumé ou extrait : Affirmative action, same-sex marriage, physician-assisted suicide, abortion, national service, the moral limits of markets - Sandel relates the big questions of political philosophy to the most vexing issues of the day, and shows how a surer grasp of philosophy can help us make sense of politics, morality, and our own convictions as well. Justice is lively, thought-provoking, and wise - an essential new addition to the small shelf of books that speak convincingly to the hard questions of our civic life.
