93-90095-52-2

EAN : 9789390095520 br.

Classification décimale Dewey : 355.001 9

Résumé ou extrait : It is a two-stage selection system with stage-1 held on the day of arrival and stage-2 on the remaining four days. Stage-2 consists of three categories of tests, namely, GTO tasks, psychology tests, and personal interview. This book presents an in-depth and detailed analysis of these tests and suggests practical methods to prepare in a methodical way and guide you towards success. As a DIY guide, this book provides a hands-on method wherein a candidate will be able to easily understand the nuances of the tests as well as do the small and simple practice sessions in the workbook section to develop the skill and confidence to pass the SSB tests with flying colours. As current affairs, general knowledge and military knowledge is important for a candidate to develop a holistic, confident and positive attitude, this book incorporates short essays and nuggets of information on many meaningful topics to hone the candidate`s intelligence to face the SSB interviewers fearlessly.
