

Pollution

Type de contenu : Texte

Type de médiation : sans médiation

Type de support : Volume

Titre(s) : Pollution : causes, effects, and control / edited by R.M. Harrison

Autre(s) responsabilité(s) : Harrison, Roy M. (1948-....) (Éditeur scientifique)
Royal society of chemistry GB - Éditeur scientifique

Mention d'édition : 2nd edition

Editeur, producteur : Cambridge : Royal Society of Chemistry, 1990

Description matérielle : 1 vol. (XV-393 p. : ill. ; 24 cm

ISBN : 0-85186-283-7

Classification décimale Dewey : 363.7/3 19

Note sur les bibliographies et les index : Notes bibliogr. Index

Note sur le contenu : Chemical pollution of the aquatic environment by priority pollutants and its control / B. Crathorne and A.J. Dobbs The chemistry of metal pollutants in water / D.R. Turner Sewage and sewage sludge treatment / J.N. Lester The treatment of toxic wastes / A. James Water quality and health / R.F. Packham Biological aspects of freshwater pollution / C.F. Mason Important air pollutants and their chemical analysis / R.M. Harrison Chemistry of the troposphere / R.M. Harrison Chemistry and pollution of the stratosphere / I. Colbeck and J.C. Farman Atmospheric dispersal of pollutants and the modelling of air pollution / M.L. Williams Catalyst systems for emission control from motor vehicles / G.J.K. Acres Effects of gaseous pollutants on crops and trees / T.A. Mansfield and P.W. Lucas The health effects of environmental chemicals / H.A. Waldron The legal control of pollution / R. Macrory The control of industrial pollution / W.L. Linton
