Résumé ou extrait : La 4e de couv. indique : "Introduction to Intelligence: Institutions, Operations, and Analysis offers a strategic, international, and comparative approach to covering intelligence organizations and domestic security issues. Written by multiple authors, each chapter draws on the author's professional and scholarly expertise in the subject matter. As a core text for an introductory survey course in intelligence, this text provides a comprehensive introduction to intelligence, including institutions and processes, collection, communications, and common analytic methods."
