Type de support : Volume

Titre(s) : Marching through chaos : the descent of armies in theory and practice / John A. English

Auteur(s) : English, John A. (19..-....)

Publication : Westport, Conn. : Praeger, 1996

Description matérielle : 1 vol. (X, 220 p.) : illustrations ; 25 cm

ISBN : 0-275-94657-6

978-0-2759-4657-9

Note sur les bibliographies et les index : Bibliogr. p. 207-212. Notes bibliogr. Index.

Résumé ou extrait : "The development of field armies has involved much more sophistication than generally supposed. In both practice and theory, army operations have been as knowledge-based and intellectually rigorous as any academic discipline, ensuring them an enduring place as a practical means of applying massive force. Fortunately, the NATO attempt to replace conventional armies with nuclear technology was never tested in a real war. But English suggests that the likelihood of deterrence continuing in war, because of its transmutability, also offers hope that it can be controlled in the future, as it was in the past, by social forces. This book offers a longer, more realistic view of war than that normally embraced by technocrats in search of better weapons and peacemakers in search of utopia."--Jacket
