Note sur les bibliographies et les index : Bibliogr., p. [377]-396. Notes bibliogr. Index

Résumé ou extrait : "The greatly expanded and enhanced second edition of A world history of war crimes provides an authoritative and accessible global history of war crimes and the laws of war. Tracing human efforts to limit warfare, from codes of war in antiquity designed to maintain a religiously conceived cosmic order to the gradual use in the modern age of the criminal trial as a means of enforcing universal humanitarian norms, Michael Bryant's book is a comprehensible one-volume account of the subject. Five brand new chapters are included that reinforce the geographical, chronological, historiographical and conceptual dimensions of the book"-- 4e de couverture

Sujet - Nom commun : Crimes de guerre

Crimes contre l'humanité

Guerre (droit international)
