Titre(s) : Ukraine and the art of strategy / Lawrence Freedman

Auteur(s) : Freedman, Lawrence (1948-....)

Publication : New York (N.Y.) : Oxford University Press

Date de copyright : C 2019

Description matérielle : 1 volume (vi-233 pages) : carte ; 22 cm

ISBN : 978-0-19-090288-9
0-19-090288-4

EAN : 9780190902889

Classification décimale Dewey : 947.708 6

Note sur les bibliographies et les index : Notes bibliogr. Index

Résumé ou extrait : Présentation de l'éditeur : "In Ukraine and the Art of Strategy, Sir Lawrence Freedman provides an account of the origins and course of the Russia-Ukraine conflict through the lens of the theory and practice of strategy. That is, he explores Putin's near, medium, and long-term strategies when he decided to initiate the conflict. How successful has he been ? In contrast to many who see Putin as a master operator who has resuscitated a supine Russia against all odds, Freedman is less impressed with his strategic acumen in terms of the long-term fallout. By exploring concepts such as coercive diplomacy, limited war, escalation and information operations, Freedman brings the story up to the present, where a low-level conflict between Ukrainian and breakaway rebel forces in the east grinds on, and illuminates the external challenges faced by the governments' involved."

"In Ukraine and the Art of Strategy, Sir Lawrence Freedman provides an account of the origins and course of the Russia-Ukraine conflict through the lens of the theory and practice of strategy. Freedman's application of his unique strategic perspective to this supremely important conflict has the potential to reshape our understanding of it, and his analysis of the likely outcomes will force readers to reconsider the idea that Vladimir Putin is unmatched as a strategic mastermind."
