

Naturally processed peptides

Titre(s): Naturally processed peptides [Texte imprimé] / ed. Alessandro Sette,...

Autre(s) responsabilité(s): Sette, Alessandro (Éditeur scientifique)

Editeur, producteur: Basel [etc]: Karger, 1993

Description matérielle: IX-239 p. : ill. ; 25 cm

Collection: Chemical immunology 57 ISSN 1015-0145

ISBN: 3-8055-5755-8

Appartient à la collection: Basel 1989-... series ed. Kimishige Ishizaka... [et al.] Karger Chemical immunology 57

Note sur le contenu: Peptide presentation by major histocompatibility class I molecules / Grada M. van Bleek, Stanley G. Nathenson The ligands of the class II major histocompatibility complex-restricted T cells / Stéphane Demotz Mass spectrometric analysis of peptides associated with the human class I MHC molecules HLA-A2.1 and HLA-B7 and identification of structural features that determine binding / Victor H. Engelhard ... [et al.] Interactions between peptides and major histocompatibility complex molecules during antigen processing and presentation / Frédérique Forquet ... [et al.] Tissue-specific expression of self peptides bound by major histocompatibility complex class II molecules / John H. Freed, Philippa Marrack MHC class I-restricted antigen processing: lessons from natural ligands / Hans-Georg Rammensee, Olaf Rötzschke, Kirsten Falk Studies on naturally processed peptides associated with MHC class II molecules / Alexander Rudensky, Charles A. Janeway, Jr

Sujet - Nom commun: Antigènes d'histocompatibilité HLA
Peptides
