States, Europe, and China Stateless nations : the fate of the Palestinians and the Kurds Global climate change : Paris and beyond The Covid-19 pandemic : "disease knows no frontiers ?

Résumé ou extrait : "Designed to complement the main themes of any introductory course, Snow's bestselling text presents original case studies that survey the state of the international system and look in-depth at issues of current interest. The cases are extremely timely, geopolitically diverse, accessibly written, and of high interest and salience amidst today's headlines. New examples include the pandemic, racial inequality, foreign interference in elections, cyberwar, and global warming." (éd.)
