ISBN : 978-1-58648-417-0

Classification décimale Dewey : 327.52

Note(s) : Index

Notes bibliogr.

Résumé ou extrait : After more than fifty years of national pacifism and isolation including the lost decade of the 90s, Japan is quietly, stealthily awakening. As Japan prepares to become a major player in the strategic struggles of the 21st century, critical questions arise about its motivations. What are the driving forces that influence how Japan will act in the international system ? Are there recurrent patterns that will help explain how Japan will respond to the emerging environment of world politics ? Contents : - Introduction : the Japan puzzle - New international orders - Japan's national style - The world Japan entered - Stature among nations - The challenge of international liberalism - Japan's abortive new order - The Cold War opportunity - The Yoshida doctrine as grand strategy - The post-Cold War interval in East Asia - Japan and the rise of China - The prospect of a new East Asian order - Epilogue : Japan's twenty-first-century resurgence.
