Résumé ou extrait : "This book analyzes the issue of peripheral security governance from the perspective of the European Union. It reviews the different stages of the EUs peripheral security governance since the end of the Cold War, based on the criteria for successful security governance. The study focuses on the Balkans, Eastern neighbors, the South Caucasus countries, and Mediterranean countries, exploring the effectiveness of the EUs peripheral security governance in each stage. This analysis aims to address the reasons behind the deep-seated challenges faced by the EU in peripheral security governance." (quatrième de couverture)
