Classification décimale Dewey : 973

Note(s) : Bibliogr.

Index

Résumé ou extrait : In lively style, this retelling of the story of the American revolution...draws vivid portraits of the war's principals...[and] summarizes the principal battles in lucid fashion. In superb depictions of the British leaders and the British homefront Leckie also adds details rarely found in popular American histories, and unlike some historians, he doesn't neglect the southern war - the battles of Camden, Cowpens, and King's mountain.
