ISBN : 978-0-6912-3687-2

EAN : 9780691236872

Classification décimale Dewey : 327.101

Note sur les bibliographies et les index : Bibliographie pages 303-321. Notes bibliographiques. Index

Résumé ou extrait : From the beginning of time, human societies have found themselves confronted by enemies too numerous or ferocious to defeat solely by force of arms. In these dramatic moments, wise leaders have turned to diplomacy to rearrange the gameboard in their favor and stymie seemingly unstoppable foes. In Great Power Diplomacy, American historian and diplomat A. Wess Mitchell recounts the forgotten story of how history's most legendary empires have used diplomacy as a tool of grand strategy to outwit, outmaneuver, and outlast militarily superior opponents. Through fifteen centuries of history, Great Power Diplomacy recreates the perilous junctures, colorful personalities, and intricate statecraft that led to some of history's most stunning diplomatic achievements--and greatest disasters. The protagonists include giants like Richelieu, Metternich, Bismarck, and Kissinger, but also a lesser-known cast of scoundrels, eunuchs, drunkards, and fools. At every turn, fortune favored those great powers with the foresight and dexterity to build winning alliances, splinter enemy coalitions, and, when necessary, make peace with their bitterest foes. Diplomacy of this kind has become a lost art in recent years as Western elites embraced the illusion that globalization and the spread of democracy would create a borderless world where nations would live in harmony and war would be abolished from the human story. But, as Great Power Diplomacy reveals, we will need to rediscover the secrets of skillful statecraft as the world enters an unstable new era in which continent-sized great powers compete for territory, resources, and prestige. By recalling diplomacy's rich past, we can equip ourselves for a more dangerous

future.
