Résumé ou extrait : The Time Traveller has built a time machine and has gone into the future to the year 802,701. He expects to find a better world with highly intelligent people and great inventions. Instead, he finds that people have become weak, child-like creatures. They dance and sing and wear flowers. They seem happy, but why are they so frightened of the dark ? And who or what has taken his time machine ? Will the Time Traveller ever be able to return to the present ?
